Silver Frost

**T**he Flodger is Wolverine Tackle's cross between a flasher and a dodger. The idea behind the Flodger is to have an attractor that can run at higher speeds with your favorite salmon spoons. The Flodgers range of speed is from a slow weave at Lake Trout speeds, to a sharp darting action at faster salmon speeds.

**Tuning Notes:**

To maintain proper action, it's important to keep the center section flat.

Recommended leader length is from 1 to 2-1/2 times the length of the Flodger.

**Available Colors:**

- 03 Green/Cht/Glo Stripe/Red Dot (Glo Yellow Tail)
- 05 Chartreuse/Fire Dot
- 07 Green/Cht/Prl Stripe/Red Dot (Yellow Tail)
- 15 Pearl Rainbow Dots (Wonderbread)
- 19 Grn/Cht/Orn/Blk Dot Glitter (Watermelon)
